### High School Debate.

Hondo High School has had the pleasure of being strong of body and mind but that reputation was broken and shattered and stands out as a school which has all student activities.  
A hotly contested debate on the subject of April 6 the Government should own the railroads. The subject was debated with a large audience of people the first class material attending the High School. The subject was debated with a large audience of people the first class material attending the High School. The subject was debated with a large audience of people the first class material attending the High School.

### Seniors Entertained.

Messrs. Chas. Wilson and Sidney Fly entertained the Senior class and the faculty of Hondo High School on Friday night, April 2nd, with a "box-party" at the Star Theatre.  
After the show the guests were taken to the home of Mr. and Mrs. D. H. Fly where delicious refreshments, consisting of ice-cream, in the form of Easter lilies, and various kinds of cake, were served. Miss Nell Wilson added much to the pleasures of the evening by rendering several selections on the piano.  
The reception rooms were beautifully decorated, carrying out a color scheme of purple and gold. The Senior class colors. The hosts are due much credit for the very delightful evening spent by both Seniors and faculty.

### Notice

Mrs. Peeples, a well known musician who has recently been appointed Superintendent of the Department of Music at the State University of Texas, will be in Hondo and give a concert, under the auspices of the Parent-Teacher's Association, Monday evening, April 12th, at 8:30. All who enjoy good music will appreciate the opportunity of hearing Mrs. Peeples.

### To Light Customers.

The Light Plant will be closed down for repairs Sunday morning only.

### The County School Meet.

Today will go down in the history of Medina as a gala day in the educational affairs of the county. Today, if the hopes of our people are realized, will witness both mental and physical contests between the brightest of the bright rising young generation of the county—epoch-making contests that will long remain a pleasant memory to those taking part in the various events.

A splendid program has been prepared and from the opening of activities at the High School Building at 9:00 o'clock in the morning until the honoring of the prize winners in the various events at the Auditorium at night, there will not be a dull moment.

Every preparation for the athletic numbers of the meet, the majority of which will occur at College Square, have been provided for and our people will be somewhat disappointed if some new records are not established. There are some splendid young athletes in the county and they are expected to enter the various contests in large numbers.

Besides the contests, both mental and physical, these school meets have a social value that could not be overestimated. The meeting of the young people in friendly rivalry—the ones who will be the men and women of affairs in a few brief years—will undoubtedly be the beginning of friendships that will endure throughout decades to come, and the county meet of 1920 will mark an epoch in the lives of hundreds of our people.

Hondo is expecting hundreds of the good people of the county to be present. Meet the visitors with a hearty greeting and let them feel that their presence is a pleasure to you. If people would devote more time to social pleasures and less to the sordid pursuit of dollars and cents this would be a better world to live in and every one would get more out of life.

Now for a gala day. Put business cares and worries aside and enter into the festivities of the day in a spirit that will make our visitors glad they are here.

### Sunday School Picnic.

On last Saturday afternoon the teachers of the Primary and Junior departments of the Baptist Sunday School, entertained their pupils at the home of Mrs. Geo. Carle. Games, a picnic lunch, and easter eggs proved a very interesting time for the little folks—some fifty children under the age of thirteen were present.

### County Conference of Medina County to be held in Hondo on April 21 at Methodist Church.

Owing to inability to secure proper exhibiting material it was necessary to postpone the Medina County Conference from original date of April 7th to April 21st thus giving sufficient time to secure stereopticon slides and other equipment to insure the success of the meeting was announced by Rev. J. M. Alexander of Hondo, chairman of the Conference. The meeting will be held in the Methodist Church in Hondo for a full day's session on April 21st. Speakers to assist Rev. Alexander are Rev. T. W. Thompson of Brownwood; Rev. W. P. Dickey, Kerrville; Rev. P. R. Huckleberry, Clarendon; Rev. Alvin O. Rue, Lewisville and Mrs. Geo. P. Smart of Ft. Worth. This group of speakers will have with them a stereopticon machine with slides and will also carry literature describing the work of the Inter-church World Movement in its various branches. Those serving on the committee are Fisher King, J. G. Newton, Mrs. S. Carter, Mr. Walter Short, Harper Fly, Mrs. Meriwether and Mrs. J. A. Horger.

An amateur minstrel troupe of San Antonio will appear at the Auditorium here next Saturday night, April 17th. These black-face fun-makers have appeared four times before critical San Antonio audiences and were given tremendous ovations, and are under engagements to repeat the entertainment at later dates. Remember the date, April 17th, and be prepared to annex several pounds of avoirdupois if there is any truth in the old axiom, "Laugh and Grow Fat."

Pastor Allen went to San Antonio Thursday to attend a conference of the Baptist Pastors and Missionaries of South West Texas, and arranged with Mr. J. C. Everett to lead the music in our cooperative Evangelistic meeting which begins April 25th.

The ladies of the Baptist church met on Thursday last for their Bible lesson at the home of the pastor. The book of Joshua was the subject. A good attendance and an interesting lesson was enjoyed by all.

Home Relief Association plan has stood the test in Medina County for 18 years and is the cheapest insurance you can get.

The Parent Teachers' Association will meet at the school building Monday, April 12, at 3:15.

The Cemetery Association will meet at the Methodist Church Friday, April 16th.

A stitch in time saves nine. Join The Home Relief Association while your health is good.

### Died.

Mrs. Mary Anna Biry, nee Bilhartz, died at her home here at six o'clock Friday morning, April 2nd, and was laid to rest at St. Louis Catholic Cemetery on Saturday afternoon. Rev. Father Heckmann performed the last sad rites.

Deceased was born at Obersulzbach, Alsace, France, November 9, 1828, consequently she was in her ninety-second year at the time of her demise. She came to this country with her parents, four brothers and one sister, who all preceded her in death. During the year 1848 she was happily married to Jacob Biry, who preceded her in death nearly fifty years ago. This union was blessed with four sons, namely Jacob, Joseph, John B. and August, of which only two, Jacob and John B., survives. Besides those mentioned deceased leaves fourteen grand and eleven great-grandchildren and a very large number of other near and dear relatives to mourn her demise. A good lady has gone to her last reward. She was a member of St. Anna Society, a devout Christian lady, a dutiful wife, and mother, and a kind and accommodating neighbor, beloved and respected by all who were fortunate enough to come in contact with her.

One of the largest corteges of mourning relatives and friends followed the mortal remains to their last resting place.

We join this entire community in sympathy with the bereaved and grief-stricken ones. May she rest in peace.

Mr. and Mrs. John Geiger and Messrs. John and Paul Koenig and Fritz Weiblen were Hondo business visitors Tuesday.

Gus Beck, a son of Mr. and Mrs. Albert Beck of Haby Settlement happened to a serious accident Thursday evening. It seems that while running a race with his brother, the saddle slipped to one side and he was vehemently thrown to the ground, sustaining bruises to his head and face. He was unconscious for over twenty-four hours. He was taken to San Antonio, where he underwent an operation, and at last report he was doing as well as could be expected.

## In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but

the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Mr. and Mrs. Alfred Wurzbach of Riomedina and Mrs. Manuel Schuchart and children of Cliff visited here Sunday.

### Card of Thanks.

We wish to thank all those kind friends, who so willingly came to our assistance during the illness and death of our beloved mother and grandmother, MRS. MARY ANNA BIRY, also all those who attended the funeral, and for the many beautiful floral offerings.  
Sincerely Yours,  
THE RELATIVES.

### For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price 25 cents.

## Road Bond Deal Declared Off.

At a meeting of the Commissioners Court held Wednesday an opinion from Judge Fenly was received advising them that the county could not hold Jarrett & Company to the performance of their contract to buy the \$450,000 worth of Uvalde county road bonds, nor could it hold the \$4,500 forfeit money posted by the company. It was therefore ordered by the court that the money be returned to Jarrett & Co., that the bonds be brought back from the Frost National Bank of San Antonio, where they had been deposited.

Apparently, the county must wait for a better bond market before it can dispose of its bonds.—Uvalde Leader News.

## Onions Will be Shipped Next Month.

Early onions about Devine will be ready for shipment in a few days, by April 15 or 20th we are told; and Devine will have the biggest crop in her history, between two hundred and 300 acres we believe. Melton and Blatz, our largest onion growers, have sold their crop; April deliveries at \$2. per crate and May at \$1.50 which are better prices than they received last year.—Devine News.

The Juajilla Leaf, published semi-monthly by the Senior Class of the Hondo High School of Hondo, Texas, reached our desk last week. The Leaf is very interesting for young and old and is certainly a boost for the Hondo Hi.—Lacoste Ledger.

## A Healing Salve for Burns, Chapped Hands and Sore Nipples.

As a healing salve for burns, sores, sore nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents.

Each year the local editor gives from \$500 to \$1000 in free lines to the community in which he is located. No other agency can or will do this. The editor, in proportion to his means, does more for his own town than any other ten men, and in fairness he ought to be supported, not because you admire him or like his writings, but because the local paper is the best investment a community can make.—Ex.

### Are You Happy?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effectual, easy and pleasant to take.

Yes, we need good roads, if we had received our part of the money we would have had a good road to Devine long ago.—From Anchorage, in Devine News.

## WILL BUY BOOKS FOR CASH

## INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belchings, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by a gentle laxative. Chamberlain's Tablets cause a gentle laxative action of the bowels, relieving the indigestion. Chamberlain's Tablets are also most excellent for constipation. Sold everywhere.

## THOUSANDS PROCLAIM THE MERITS OF PE-RU-NA

Read Their Letters

Mrs. Martha C. Dale, R. F. D. Cannon, Del., writes: "I am tired of chronic catarrh of the stomach and bowels by PE-RU-NA."

Mr. J. Bayer, Glendale, Oregon writes: "There is no medicine like PE-RU-NA for catarrhal deafness."

Mrs. Kate Marguis, Middleburg, Ohio: "PE-RU-NA cured me of catarrh of the head and throat."

Mr. J. H. Collins, Wesson, Mississippi: "PE-RU-NA makes me feel vigorous and able to work without that tired, weak feeling usually have otherwise."

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my trouble and can eat anything taking PE-RU-NA."

Mrs. L. Hearing, 283 East 10th St., New York City: "For catarrh of the head and stomach, I found PE-RU-NA better than any other medicine."

Mr. W. H. Edgar, 49 Cooper Atlanta, Georgia: "PE-RU-NA cured me after I had suffered fifteen years with rheumatism."

Mrs. Leona Dodd, R. No. 1, Medon, Tennessee: "PE-RU-NA is a grand medicine for coughs and colds."

So many diseases are due to catarrh and catarrhal conditions makes PE-RU-NA the best medicine in the world to have on hand for emergencies and general protection. Thousands of families are never without a bottle of PE-RU-NA or a box of PE-RU-NA Tablets in the medicine cabinet. That is the safe way.

You can buy PE-RU-NA wherever in tablet or liquid form.

John Wemers was up from his Verde ranch Monday and reported much more rain down there than had here.—Bandera New Era.

### How Diphtheria is Contracted.

One often hears the expression, "child caught a severe cold which developed into diphtheria," when truth was that the cold had simply the little one particularly susceptible to the wandering diphtheria germ. Your child has a cold when diphtheria is prevalent you should take him to school and keep him off the street until fully recovered, as there is a hundred times more danger of his catching diphtheria when he has a cold. When Chamberlain's Cough Remedy given it quickly cures the cold and lessens the danger of diphtheria or other germ disease being contracted.

### CUBAN STRONG FOR WOOD

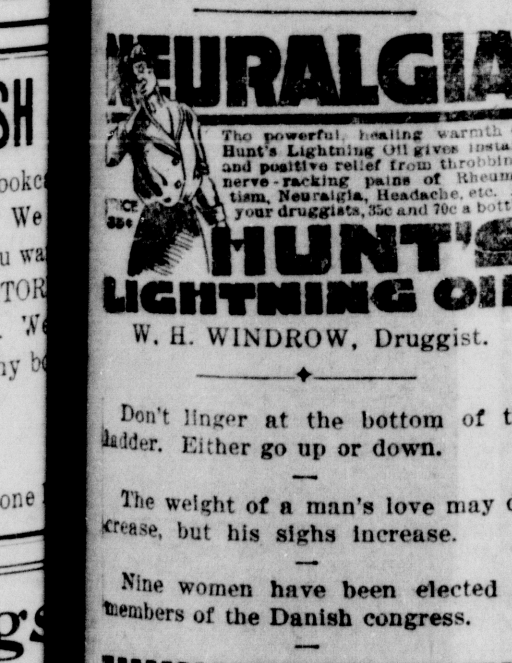

Sentiment in Island for Him, Say Menocal, in Recalling His Great Work.

Chicago, March.—A strong indorsement for Leonard Wood in his candidacy for the presidential nomination has been made by General Mario G. Menocal, president of the Republic of Cuba.

President Menocal in his indorsement speaks of the active work accomplished by General Wood when he was governor-general of Cuba. He classes it as the most glorious achievement made by America in that island.

"General Wood practically demonstrated that real democracy is not incompatible with the principle of authority or with a strong government of powerful initiative," Menocal declares. "It will be found that without such a government democracy degenerates into anarchy and licentiousness."

"General Wood left in Cuba a friendly people who remember with admiration his admirable qualities and work, and who will always be grateful to the United States for all that he contributed to the welfare of the Cuban people."

Several outstanding results of the Baptist 75 Million Campaign will be noted in the larger development of the rural churches. This development will take the form of a more efficient church and Sunday School life and in better houses of worship around which the church and Sunday School activities will center.

Through the enlistment department of the Home Mission Board of the Southern Baptist Convention, Atlanta, Ga., weak, struggling churches will be aided in development to the point where they can become self-supporting and employ a competent pastor for much more of his time than has been given these churches before, while plans for the betterment of the rural Sunday Schools through a series of institutes for the training of teachers in all the Southern states this summer will be carried out by the Baptist Sunday School Board.

**Best Plans Are Recommended.**

Plans have been perfected by the architectural department of the Baptist Sunday School Board at Nashville, Tenn., in co-operation with the Church Building and Loan Department of the Home Mission Board, whereby local building committees can procure detailed plans of the best modern church buildings for either large or small congregations. These plans have been so drawn as to take care of every phase of church activity, the Sunday School and other departments being so provided for as to enable them to do their most efficient work. And a modern building, containing all these essential provisions, can be provided by any community that is able to build an old-fashioned one-room church building, as the cost for the modern structure is no more than that of the old-style one.

**Big Loan Fund Provided.**

To aid deserving congregations in building adequate houses of worship, the church building loan department was established six years ago and already more than 700 churches have been helped in building needed houses. The initial fund, established for this purpose, was fixed at \$1,000,000 and an additional \$1,000,000 will be received from the 75 Million Campaign. Applications pending now aggregate \$1,000,000 and loans are being made at the rate of \$50,000 per month. No loans are being made in excess of one-third of the value of the property, and the loan made must clear the property of all other indebtedness and thus make it possible to dedicate the building.

From the 75 Million Campaign the Home Mission Board will receive, also, \$2,500,000 to be used as gifts in the building of additional churches during the next five years, but this sum will be expended largely in aiding churches in strategic points, among them being educational centers where it is desired to erect churches for promoting the religious life of students, especially of those students affiliated with Baptist churches.

Of the 25,000 Baptist churches in the South, 21,000 are in the rural districts and in small villages, and 19,000 of them have preaching services only once a month. While the work of the enlistment forces will be to help these weak congregations solve their problems and help them develop in numbers and efficiency, the other denominational agencies will help these struggling congregations in the erection of well-appointed church houses and the development of their Sunday Schools.

**Why Good Houses Are Needed.**

The accompanying illustration shows a typical one-room church building and also an exterior view and floor plans of a modern, well-appointed church building, calculated to take care of all the needs of a church organization and costing no more than the one-room building.

This proposed building has many things in its favor as compared with the one-room structure, aside from its attractive appearance. First, it is more durable, being so constructed as to resist wind and storm. Second, it is easily heated in the winter, its vestibule cutting out the cold wind from the entrance, while by reason of the building having several departments it is useful to heat only the department being used on those occasions when only a small gathering is had. Then the auditorium in the center is shielded from the extreme weather by the departments surrounding it, though in the summer these surrounding departments can be opened up, giving abundant ventilation. Again, the new building offers admirable quarters for the several departments and classes of the Sunday School, thus making the teaching of the Bible a much easier task. Then the social life of the congregation can be greatly promoted by the better building, in that it affords ample quarters for church receptions, banquets and other affairs of this nature, enabling the church to give the young people adequate social activities under wholesome environments.

This and many other approved types of country churches are being employed now in every Southern state, and a more efficient church work is being done wherever such building has been erected, it is declared. Sufficient varieties of plans have been prepared to serve the needs of any particular community.

Ordinary inner tubes were made for fabric tires. Their walls are too thin to stand the overstretching to fill Cord casings—too thin to stand the friction of lower air pressure used in Cord tires.

Horse-Shoe Re-cord tubes have walls 50% thicker—9-ply of laminated rubber instead of six—made of rubber so free from impurities it floats—so tough you cannot break a strip the width of a wedding ring.

### SHERIFF'S SALE.

THE STATE OF TEXAS, County of Medina. By Virtue of a certain execution and order of sale issued out of the Honorable District Court of 57th Judicial District of Bexar County, on the 20th day of March, 1920, by the Clerk of said Court against C. S. Bywaters for the sum of Five Hundred and seventy-six and 62-100 (\$576.62) Dollars and costs of suit, in cause No. B-1652 in said Court, styled Medina Townsite Company versus C. S. Bywaters and placed in my hands for service, I, J. F. Bader, as Sheriff of Medina County, Texas, did, on the 5th day of April, 1920, levy on certain Real Estate, situated in Medina County, Texas, described as follows, to-wit: In the State of Texas, County of Medina, and Townsite of Natalia, known as Lot No. Twenty (20) in Block No. Eleven (11) as shown on a plat and subdivision of parts of Original Surveys No. 354, John Hardin; No. 509, J. Varenne; No. 27, M. W. Dikes; No. 64, G. M. Crawford, and No. 64, Wm. Crawford, said plat and subdivision being known as "Natalia" and duly recorded in the Deed Records of Medina County, Texas, in Volume A-48, pages 2 and 3, and levied upon as the property of said C. S. Bywaters. And on Tuesday, the 4th day of May, A. D. 1920, at the Court House door of Medina County, in the Town of Hondo, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said C. S. Bywaters by virtue of said levy and said execution and order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hondo-Anvil Herald, a newspaper published in Medina County.

WITNESS my hand, this 5th day of April, A. D. 1920.

J. F. BADER,  
Sheriff Medina County, Texas.

### BAPTISTS TO CELEBRATE 75th ANNIVERSARY OF CONVENTION.

When the Southern Baptist Convention assemblies in Washington, D. C., May 12, it will be the seventy-fifth anniversary of the founding of that body and will be known as the Victory Convention, by reason of the fact that it will celebrate the successful conclusion of the 75 Million Campaign. The local committee in Washington is making plans to entertain 10,000 delegates and visitors.

By reason of the fact that the future program of the denomination along all general lines will be formulated at this time, it is expected the meeting will be one of the most important in the history of the denomination in the South.

### TWO AND A HALF MILLION NEW CHRISTIANS ARE SOUGHT.

Baptists of the eighteen states in the territory of the Southern Baptist Convention are now in the first stages of the campaign that is aimed to win at least two and a half million new converts to Christ in the homeland during the next five years. This is an average of 500,000 new converts for each year of the 75 Million Campaign and early returns from the evangelistic efforts indicate the goal will be reached.

### WOOD HITS PROFITEERS

Gauging by Meat Men in Cuba Brought  
to End.

When General Wood was governor  
general of Cuba he found there was  
plenty of food in Havana which the  
people could not buy because of high  
prices. He no sooner heard of this  
than he established a line of procedure  
to correct it. He sent for the principal  
butchers of the city and asked:

"How much do you charge for your  
meat?"

"Ninety cents a pound, senor."

"What does it cost you?"

There was hesitation and shuffling  
of feet. Then one of the men said in  
a whining voice:

"Meat is very dear, your excellency."

"How much a pound?"

"Fifteen cents, your excellency; but  
we have lost much money during the  
war, and--"

"So have your customers. Now  
meat will be sold at 25 cents a pound,  
and not one cent more. Do you under-  
stand?"

Turning to an alderman General  
Wood charged him to see that his or-  
der was carried out to the letter unless  
he wanted to be expelled from office.

Thereafter meat was sold in the mar-  
kets of Havana at 25 cents. The same  
plan was applied to all other kinds of  
supplies.

### WOOD GAINING, MOSES SAYS

Senator Says He Will Have 100 Dele-  
gates This Week.

Chicago, April 10.—"This week will  
show more than 100 delegates elected  
for Wood either under instructions or  
by affirmative declaration of the dele-  
gates themselves," declared Senator  
George H. Moses, following a confer-  
ence with William Cooper Proctor,  
chairman of the Wood campaign.

"Despite the combination of all the  
other candidates against him, aided in  
the past few days by the assaults of  
Democratic newspapers which speak  
for the administration, General Wood  
goes marching on toward an assured  
nomination," Senator Moses continued.

### WOOD MEN UNOPPOSED

New Jersey to Send Five of Them to  
Chicago Convention.

Chicago, April 10.—Five delegates  
from New Jersey are already pledged  
to support Leonard Wood for the Re-  
publican presidential nomination and  
will go to the convention instructed for  
him, as they are unopposed in the pri-  
mary. Pledges not to put up any candi-  
dates to oppose these five men have  
been given by the Essex county Republi-  
can committee.

Plans have already been made in  
New Jersey to enter a Wood man as  
candidate for delegate in every dis-  
trict where the presidential candidate  
refuses to pledge himself for Wood,  
and from the strength of Wood senti-  
ment in the state, all 28 delegates to  
the convention will support the gen-  
eral.

### WOOD POPULAR WITH PEOPLE

New York Sun Poll in Massachusetts  
Favors Him.

Chicago, April 10.—A poll conducted  
by the New York Sun and Herald in  
Massachusetts gives unmistakable evi-  
dence of the fact that the people are  
for Wood and that the politicians are  
for Lowden.

The poll of the people gave Gov-  
ernor Coolidge, a favorite son, first  
choice. Although Coolidge was given  
first choice he has announced that he  
will not be a candidate. Consequently  
the mantle giving Massachusetts first  
choice falls to Wood.

### GEORGIA MEN FOR WOOD

Chicago, April 10.—Col. William  
Cooper Proctor, chairman of the Leon-  
ard Wood national campaign commit-  
tee, has received word that Wood has  
two more delegates committed to him  
from Georgia. E. R. Beacher of Bruns-  
wick was chosen in the Eleventh dis-  
trict as a Wood delegate without a  
contest and Dr. B. M. Sherard of Griff-  
in was elected from the Sixth dis-  
trict.

### MICHIGAN LEANS TO WOOD

Chicago, April 10.—William Cooper  
Proctor, Leonard Wood's campaign  
manager, says that Michigan will de-  
clare for Wood April 5 by a large vote.  
"Reports made by leaders of Michi-  
gan at a recent conference in Detroit  
are gratifying and most encouraging,"  
Proctor says. "There can be no doubt  
but that the sentiment for Wood for  
president is very strong and substan-  
tial all over the state."

### For Sale.

## A UNIQUE RECORD.

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Hondo gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

Mrs. P. H. Renkin, tinsmith, Hondo, says: "I have used Doan's Kidney Pills and they have been used by others in my family with the best of results. My kidneys were disordered and acted irregularly. I saw Doan's Kidney Pills advertised and in this way I first became acquainted with their merits and started to use them. One box of Doan's entirely removed the trouble."

ALWAYS GETS GOOD RESULTS.

The above statement was given May 29, 1915, and on May 5, 1919, Mrs. Renkin said: "I am just as firm a believer in Doan's Kidney Pills now as when I previously endorsed them. I use Doan's when my back or kidneys bother me and they always cure the attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Renkin had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## BROAD STAND ON FARMER BY WOOD

HE TELLS HIS OPINION OF AGRICULTURE'S NEEDS AT THIS TIME.

Chicago, Ill.—In an answer to a query from one of the leaders of agriculturists of the county, Leonard Wood, Republican candidate for presidential nomination, yesterday gave one of the most candid statements of his position toward the farmer that has ever been published by a political candidate.

After declaring that the decline of agriculture is one of the greatest dangers the country faces, and that the farmer, as the backbone of the nation, is entitled to every administrative encouragement and a square deal all around, Wood gave as the salient points in his agricultural beliefs:

"1. The farmer sacrificed much during the war. We owe him a debt of gratitude we never can repay for his staunch loyalty.

"2. Education for farm children should be as easily accessible and on as high a plane as that of city children, with vocational training to the last degree, in a broad, consolidated school system.

"3. We must give the rural districts good roads, for commerce and relations.

"4. There must be a department of agriculture in full and intelligent cooperation with the farmer and the great farm organizations.

"5. I believe in a far closer connection between producers and consumers of food. Too small a portion of the consumer's cost gets back to the farmer.

"6. Hoarding of food supplies should be rigorously suppressed.

"7. Secure provision should be made to enable farmers to get adequate credit to extend farming interests.

"8. There should be bigger supplies of fertilizer available at cheaper rates.

"9. I believe that the treatment of co-operative organizations of farmers should be with the same consideration as to other organizations under similar circumstances.

"10. I believe in the gradual abolition of farm tenancy and encouragement of ownership of land by the individual farmer.

"11. I believe in a wide extension of the farm bureau system which seems well fitted to solve many of the economic questions which confront the farmer—problems of production and distribution."

Governor Norbeck of South Dakota has come out unqualifiedly for Leonard Wood for president and recently toured the state with Wood on a speaking trip.

"Wood is the only man in America today with heart and soul to do the job Roosevelt would have done in reconstruction," Norbeck declared. "And Roosevelt knew that, too."

## MacVEAGH FOR WOOD

Chicago, March.—That Leonard Wood is first and foremost a statesman, is the keynote of a statement made by Franklin MacVeagh of Chicago, secretary of the treasury under President Taft.

MacVeagh sent his indorsement of Leonard Wood to National William MacChesney, chairman of the Leonard Wood Illinois Campaign Committee.

## COULD NOT WALK THE STAIRS.

Angels Woman Suffered From Rheumatism—Soon Relieved by Tanlac.

"I had rheumatism so bad that life was a misery for me, but Tanlac entirely overcame my trouble," Mrs. Martha Asbach, of 2226 1/2 St., Los Angeles, Cal. "For the past six years I was in a wretched condition I can hardly understand how I held out as long as I did. I had rheumatism in my knees so bad that it was impossible for me to step up or down the stairs, and my hands were swollen and stiff it was all I could do to hold the broom or dishes. At last I simply ached all over so bad I could not sleep, and, in fact, I suffered all the time night and day. I became nervous and worried so much over my condition that I became very despondent. I tried all the medicines I could get but none of them did me any good until I got Tanlac. I was overjoyed to find that it more than met my expectations. All signs of the rheumatism have left me and I am back doing my household work for the first time in years. My nerves are steady, I can be and I sleep all night and never wake up till morning. I don't feel so fine in years and it really is a pleasure for me to tell anybody about Tanlac."

Tanlac is sold in Hondo by W. H. Windrow; in Castroville by Joseph Windrow and Co.; and in Dunlap by A. Baby.

## WOOD'S RECORD IN CUBAN WAR

With Cleveland, McKinley and Roosevelt—Appointed Governor of Santiago.

By JOHN G. HOLME, Author of "The Life of Leonard Wood."

It was at Fort McPherson, Georgia, that Leonard Wood made his greatest reputation as an athlete. For two years he coached the football team of the Georgia Institute of Technology and played various positions. His team lost but one game during these two seasons. His Spartan physical courage is illustrated by a football incident. He received a deep cut over the eye in a scrimmage one day. Dressing the injury hastily, he finished the game, then went over to his office, where, standing before a mirror, he sterilized the wound and took four stitches in it.

Cleveland was finishing his second term when Wood was assigned to Washington, where he became one of the White House physicians. The president took an immediate liking to this bronzed, quiet army officer who knew the Southwest like an open book. Cleveland liked to talk with him about hunting and fishing and especially about Buzzard's Bay off Cape Cod, where they both had sailed and fished.

## Wood and Roosevelt Meet.

In those days changes in the administration did not affect Wood, and when McKinley became President his visits to the White House increased in number, for Mrs. McKinley was an invalid, requiring constant medical attention. President McKinley soon grew to regard the competent army surgeon as highly as his predecessor.

In 1896 Leonard Wood, who now held the rank of a Captain in the Army, medical side, met Theodore Roosevelt, then Assistant Secretary of the Navy. They were introduced at a reception in Washington, and before the evening was over they had become fast friends. This friendship was to last till the great American passed away at Sagamore Hill. They discovered that they had just missed each other at Harvard, that they had both had the western fever and that their likes and dislikes were remarkably similar.

General Wood today admits that it was Roosevelt who kept him in the service when he was about to resign to take up ranching in the West. Roosevelt insisted that the country would soon need a man of his ability, and the two began planning their course of action should war be declared. They had virtually planned raising a regiment of picked men before diplomatic relations with Spain were severed. When Congress authorized the raising of three regiments among the cowboys, miners and ranchers of the West Wood secured commission as Colonel of the First Volunteer Cavalry and Roosevelt as Lieutenant Colonel.

War was declared April 26, 1898, and on May 29 the First Cavalry, better known as the Rough Riders, left the training camp at San Antonio, Tex., for Port Tampa, Fla., to embark for Cuba. Wood and Roosevelt had recruited, drilled, officered and equipped the Rough Riders in 33 days, counting Sundays. It was a great record of speed and efficiency.

## Promoted on the Field.

In order to make this record Wood cut through quantities of red tape in the War Department. He could not get regulation uniforms, so he had his men wear brown canvas working uniforms, not so neat, but much more practical in a tropical climate. He foresaw that his cavalry would have to serve unmounted, so he secured Krag rifles at a time when Krags were scarce. He had no time to train his men in the use of sabers, so he ordered machetes, the instruments used for cutting sugar cane. He got these implements from the New England factory which made them for the Cuban sugar fields. The Rough Riders landed in Cuba June 22 under the protection of shell fire from American warships. On June 24 the battle of Las Guasimas took place. The Rough Riders and their commander so distinguished themselves as to win the commendation of Major General "Fighting Joe" Wheeler, in command of the cavalry; Brigadier General S. B. M. Young and others. When General Young went down with the fever Wood was advanced in rank to fill the vacancy, while Roosevelt was placed in full command of the Rough Riders.

Santiago surrendered on July 17, and General Shafter, commanding the expeditionary forces, selected Wood as military governor of the city. This was the great turning point in Wood's life. For 13 years he had been an army surgeon and officer. For the next 10 years he was to play a most important role in American history as government executive, administrator, statesman and diplomat.

Shafter chose Wood for the military governorship of Santiago because of the remarkable efficiency and executive ability he had shown in organizing the Rough Riders and in the short but dangerous campaign in the jungle before the fall of the city. He chose Wood because Wood was a doctor, and Cuba was mighty sick.

It was no light hour day job that Leonard Wood, aged thirty-seven, encountered in Santiago de Cuba.

(To be Continued.)

## Pardon for the Friendless.

February 27, 1920.

To the Honorable Board of Pardon Advisers, Austin, Texas.

Gentlemen: After a careful investigation I find out of 2800 convicts confined in the penitentiary 854, or about one-third of the number were convicted from seven counties of the State, to-wit: Tarrant, 97; Bexar, 99; Dallas, 186; Harris, 226; El Paso, 91; Galveston, 66; McLennan, 89.

I further find that less than one-third of the number from these counties have applications pending before your Board for pardons. I judge that the majority of the remainder have not made application for pardon, and that this majority are of a poor and friendless class of people, too poor to appear before the Board or myself for a hearing to present their claims for executive clemency. Undoubtedly a large proportion of these friendless convicts are men and women who have served a large portion of their sentences, and who have maintained good records, whose cases are entitled to investigation, and in many cases to executive clemency.

I have received numerous letters, as doubtless you also have, from parents and relatives of these unfortunate convicts, reciting many pitiful instances of poverty, starvation and hardships, these letters outlining in their feeble way the poverty and distress that is being endured by the helpless mother, father, wife and children or other relatives on account of being deprived of the support of the one who has been convicted and sentenced.

After serious thought I have come to the conclusion that it would be advisable for the members of the Board of Pardon Advisers to visit the county seats of the above named counties, and other counties you may deem necessary, that you give notice of your visit, and spend at least a week there in order to give these families and friends an opportunity to appear before the Board and present their cases to you in person. Where practical, I suggest that you go into the homes of these people and see for yourselves the status and condition of these families; and whenever or wherever you find a case that is worthy, and, in your judgment meritor-

ious, that you report the same to me with your recommendations.

My experience and observation since I have been Governor has been that those convicts who have friends and means on the outside are looked after by their relatives and friends, either personally or by petition, which is of course right and legitimate, but it is the poor deserving, penniless, friendless convicts that you should make a special effort to look after. It is my desire that you do everything within your power so that every unfortunate man or woman who is confined in the penitentiary may have an equal and fair showing for executive clemency.

Very truly yours,  
W. P. HOBBS,  
Governor

We will be in each of the below named places on the dates therein stated, and this is not intended alone for the cities named, but are selected on account of the convenience. Anyone convicted from your county who have relatives who desire to appear before the Board, may appear before the Board at the nearest point named in the itinerary.

San Antonio, Texas, San Anthony Hotel, Wednesday and Thursday, March 24th and 25th.

Dallas, Texas, St. George Hotel, Monday, Tuesday and Wednesday, April 12th, 13th and 14th.

Ft. Worth, Texas, Metropolitan Hotel, Thursday, Friday and Saturday, April 15th, 16th and 17th.

Houston, Texas, Rice Hotel, Monday, Tuesday and Wednesday, May 10th, 11th and 12th.

Galveston, Texas, Tremont Hotel, Thursday, Friday and Saturday, May 13th, 14th and 15th.

The object of these visits is to give the parents, relatives and friends of the unfortunate, who are too poor to defray their expenses to Austin, an opportunity to appear before the Board in behalf of their loved ones.

# Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3 1/2-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50  
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$4.50

#### YOUR INVESTMENT IS SAFE.

What An Interest in This Company Means to You

It means that you will become associated with reputable business men in an effort to secure a part of the great oil wealth of Texas.

It means to co-operate with hundreds of the most progressive investors in the Middle West, who are loyal supporters of the company.

It means an interest in a company with ample capital to stay in the oil refining business.

It means an investment not alone for the present, but for the future. The oil refining business in Texas is in its infancy. It will be our policy to acquire interests in favorable localities and build up one of the largest enterprises in the State.
